Company Profile

Milne Friend and Partners is a family firm of insurance brokers offering both insurance and independent financial advice. The company was founded in 1979 by Rod Milne. Since then, the company has developed into one of Mid Devon's oldest and largest independent brokers. We specialise in commercial insurance but also provide personal lines for existing customers as well as many specialist insurances and financial products. Our focus is on customer relations: Whilst we are small enough to offer excellent customer support, we also have enough presence to effectively deal with insurance companies on your behalf.

We offer commercial insurance across many industries, especially in the small to medium sized business area. We have access to a wide range of markets from the large composites such as Aviva and NIG to the Lloyds market. We offer a full range of products, including:
